 -
 - Tim stated that the driveways on Mosquito Heights that had new home construction this year need to be inspected. The amount of heavy equipment has caused the township road to breakup where the driveways meet the tar road. Curt has suggested repairing with asphalt patch this year and see if that holds up.
 - 3rd to discuss the final costs and assessments. The final number did come in higher due to the additional footage in the cul-de-sac.

- **New Business:**
 - The board has asked Kurt and Curt to blade all roads one more time this fall.
 - Ronald Manchester submitted a new approach application and deposit.
 - Curt asked the board to look at 440th where it meets Mosquito Heights Road. People are driving on the shoulders; should be widened out there. Curt Also reported that the curve on 460th has potholes that he will try to repair.
 - Kurt reported that due to a county project trucks are hauling materials on Cranberry Drive, 410th, Minnesota Street and 510th. The additional traffic and weight has necessitated additional blading on these roads. Kurt estimates he has 12 additional hours so far. Bob will call the County to request reimbursement.
 - Barb Gilber texted Tim about 460th. Complained that it is constantly wash boarding. Will look at hauling clay in next year. This is a shared road with Perham Township so will advise Perham and recommend a joint project.
